PRESIDENT'S NOTES

It has gotten dark in the morning and dark earlier at night and all I want to do is to climb into my warm bed and hibernate. However, this is the time of year to do all those things that have been put off during the busy months of summer. The first fall job is to elect Board Officers for the coming 2 years. We have a full ballot of John Bigwood, Dick Weston, Sergio Varo, Bob Calvert, JR Schiager, and Christina Schiager that have been nominated and accepted the nomination to fill the 5 open positions. Come to the general meeting on Wednesday the 16th to vote.

The present board met and with some massaging of the numbers created a balanced budget for the club for 2012 without a dues increase. I think our numbers were very fiscally conservative so we should be financially healthy for next year. As is always the case you can request to see the club's detailed budget at any time.

Come All Ye Faithful to the SAM Christmas Party at the Pheasant Club on December 10th at 6:30 pm. See the reservation form in the news letter. The food is great and the atmosphere very festive. Just think Kimo, a place we haven't been thrown out of yet.

See you all at the meeting on the 16th. The raffle will be back!

Be Nice

...John

THANK YOU!

Two of SAM's current Board members are not seeking re-election: Kimo Dias and Tim Sorenson. I want to take this opportunity to thank them for their efforts.

Our field is more than just the landing strip and the pit area, and the surrounding area needed attention. Kimo initiated a major cleanup day in his first year on the Board of Directors. If there was time, I am sure that we would have even strapped scrap on top of Tim's truck before he took a load to the dump. There was a major turnout of those members that always show up when SAM needs work and the field looked really sharp at the end of the day. Then, in his second year on the Board, he persevered through 2 rainouts and had a "touchup" day to build on the previous year's work.

Now, over 80% of SAM's members do not attend the meetings. The club and Board minutes, as provided by Tim, have kept everyone informed as to what is happening or contemplated. As newsletter editor I have appreciated his timeliness in making them available. But more importantly I have appreciated his wit (he pokes fun at whoever earns it but is not mean or petty) and also the amount of information that he provides to the reader.

Kimo and Tim have strongly supported SAM. I couldn't ask for more than that!

2011 Bud Garric Memorial Contest

The annual Bud Garric contest occurred this past weekend at the Sacramento Area Modelers field in Sacramento. As usual, Frank Capone and Bob Obregon did a great job as CDs. We had 20 entrants with some coming from as far away as Oregon, Washington and Colorado. Thanks to all that made the trip, we appreciate your support. Actually, I think most of the competitors showed up for the Saturday night BBQ and the raffle. This year the BBQ was great and we were even treated to live music via Sax Man Dave. Dave is a great sax and clarinet artist and we really enjoyed his music in the beautiful evening weather. We joke about the club hosting a Sat. evening BBQ and a pattern contest breaks out. The raffle this year was incredible with many very nice RC type goodies as well as a stainless steel Stanley Shop Vac for those times the balsa dust gets too thick on the workbench. The traditional EZ-UP shade canopy was also there and one of the first raffle prizes selected. If I remember correctly, our own Bob Finkbonner won the shade canopy. Many, many thanks to Mark Alexander for his support for the raffle with much of the prizes being donated by Mark himself. Talk about being generous!!! We also received donations from Maxx Products, F3A Unlimited and we appreciate their support very much.

This year, Dick Belden was the target of a surprise roast. I don't know how Frank and Bob select the 'roastee' but Dick drew the short straw this time. A humorous review of Dick's modeling history was enjoyed by all and a special plaque was presented to Dick recognizing his participation and support of RC pattern. Great job Dick.

The results of the competition are:

Sportsman (4)

1. Lawrence Tougas	3979
2. Fred Light	3941
3. Mark Alexander	3771
4. Peter Vogel	3209

Intermediate (2)

1. Ron Davies	4000
2. Art Kelly	3209

Advanced (4)

1. Dale Olstinske	3986
2. Jacob Boracca	3971
3. Jon Bruml	3706
4. Robert Hixson	3138

Masters (8)

1. Jon Carter	4000
2. Bill Sneed	3968
3. Luke Peng	3905
4. Robert Obregon	3847
5. Dick Belden	3781
6. Bruce Thompson	3775
7. Roy Speights	3674

FAI (2)

1. Don Atwood	4000
2. Adrian Wong	3612

Sportsman, Advanced and Masters were pretty tightly contested with the final rounds determining the winner. As previously mentioned, the weather was incredible, light breezes and mild temperatures. Which was handy since Bruce Thompson and myself joined the Peng/Olstinske Lipo Launch and Retrieval club and spent some time hiking out past the flight line. Bruce and I both ejected our flight packs during snap rolls, we found mine quickly but it took 2 days to find Bruce's. In both cases, we are a little puzzled how the ejection happened but regardless, they did.

Below are pictures of all pilots and all the winners with their trophies. Congrats to all....

Congratulations on a successful swap meet. All rumors, gossip, and hearsay indicate that participants went home either with money in their pockets or new "treasure" to replace that which they had sold!
